## Seeing is BELIEVING

Our Digital Smile Clinics are putting brand new smiles on lots of faces using the latest iTero digital technology to produce highly realistic in-face visualisation. Attendees can see for themselves their best smile whilst our team explain how we can achieve it. **Our next clinic is on Monday March 11th so if you want to smile with confidence again be sure to book your place [here](#)**

## Invisalign Gold

Due to his impressive track record and experience in providing Invisalign treatment, **Dr Naylor is the proud recipient of an 'Invisalign Gold Provider' award** offered in recognition of advancing the field of orthodontics.

## Chocolate Choices

We all like to indulge in sweet treats over Easter but which chocolate is the preferred option when it comes to looking after your teeth? The closer the confectionary to the cacao bean the better, so dark chocolate with a low sugar content (6-8g per serving) and more than 70% cocoa is ideal, but if you're not a fan of dark chocolate then choose a milk chocolate egg with 40-60% cocoa content. Buyer beware, leave white 'chocolate' on the supermarket shelf as it is not actually chocolate at all. Made from sugar, cocoa butter and milk it contains zero cocoa and is the worst culprit in terms of its impact on your teeth.

**We will close for Easter on Thursday 28th March at 12 noon and re-open on Tuesday 2nd April at 8.30am.**

## Perio Plan

Our clinicians continue to develop their areas of special interest so Ruabon Road can provide every aspect of advanced dental care under one roof. **Dr Anne-Marie Hodgson** is passionate about periodontics and has completed a series of Periodontal Masterclasses to establish herself as a referring dentist for people experiencing advanced gum disease. "Periodontal care requires intricate planning, regular treatment and routine reviews to achieve the best possible results" says Anne-Marie. "Healthy, stable gums are pre-requisite to any restorative dental treatment so I am often the first step in a smile transformation journey".

## GOODBYE

## She's A O-Kay

Over the last 12 months Kay, much-loved by staff and patients has bravely battled and won her fight against cancer, looking fabulous every step of her journey. After 32 years of caring for patients at Ruabon Road, Kay has decided it's now time for some thoroughly deserved self-care. Kay says "Thank you to all the well-wishers that messaged me throughout my treatment. It really meant a lot. What I'm going to enjoy most about my retirement is relaxing, resting and .... going to the shop without someone asking about their dental appointment."
