## NEW CHALLENGES

As we step into 2026, we are met with new challenges and exciting opportunities. This year also marks a significant transformation in how NHS dental care will be delivered in Wales, with a reformed contract set to be rolled out by the Welsh Government in April. These changes aim to reshape the future of dental care, and we remain committed to keeping our patients informed and supported throughout.

### Bear with us

We're moving to a new cloud-based software system, **Dentally**. Migration starts on **2nd February**, we'll be **closed for training on 3rd February** and running a limited service on **4th February**.

Thank you for your understanding while we carry out this IT upgrade designed to create a smoother, seamless patient experience for you.

JANUARY 2026

### WE AirFlow GBT

If you haven't experienced our AirFlow® GBT Hygiene treatment yet, you're in for a real treat. Patients can't stop talking about it, and for good reason. It's incredibly gentle, super effective and leaves your teeth feeling squeaky clean and noticeably brighter. Many say it's the most comfortable hygiene visit they've ever had.

### National Children's Dental Health Month

We've got lots of fun activities planned this February for National Children's Dental Health Month! Keep an eye on our social media so you can join in.

## Thinking About a Career in Dental Nursing?

Join us for our Open Door & Tour on Wednesday 25th February, 6:00–7:00pm and discover what makes dental nursing such a rewarding career. Enjoy a behind-the-scenes tour of the practice and an open Q&A to ask about life as a Dental Nurse.

Places are limited, so book early to secure your spot

### In the Spotlight

A Wrexham local, Emily's journey has come full circle, from working in our admin team while at uni to returning as an Associate Dentist. "Being able to care for patients in my hometown means a lot to me" says Emily "I love getting to know my patients and helping them feel comfortable." Her friendly, down-to-earth nature helps patients feel relaxed and reassured from the moment they sit in the chair, and she's quickly become a favourite with both patients and the team.
