In the Spotlight

We are delighted to announce the return of a newly qualified Foundation Dentist, Rhiannon who is equally excited to re-join the team "I had a great time here on my student work-experience last summer so was determined to give myself the best chance to get a post here". Rhiannon ranked within the Top 20 across the UK in the Foundation Dentist selection process. "Scoring so highly meant I could request a training centre, and of course, Ruabon Road was my first choice". Rhiannon will be providing NHS care to patients for the next 12 months mentored by our certified HEIW Education Supervisor, Dan Naylor who is confident she will continue to shine brightly.

Easy as ABC

Help us to provide care for as many patients as possible by following these simple guidelines

- **A**ttend your appointments
- **B**e engaging in your prevention treatment plan
- **C**harges must be paid
- **D**ental examinations at least every 2 years

smilelign
is back

Dentist Anwen returns from maternity leave very soon. Anwen is a platinum Smilelign provider so if you are interested in finding out more about teeth straightening through clear aligners at Ruabon Road, book a consultation <https://www.wrexhamdentist.co.uk/book-appointment/>

Student Check-list

Good luck to those of you heading off to uni or college this month. We realise that visiting the dentist may not feature on your things to organise, but maintaining healthy teeth and gums is really important for your overall health and wellbeing. Time flies when you're having fun so make sure your next dental exam is booked before you head off on your next big adventure.
